Student Guide

WELCOME

Welcome to the Plant Molecular and Cellular Biology (PMCB) Program at University of Florida (UF)! This is a quick guide to assist our PMCB graduate students in making the most of their graduate life at UF and Gainesville. There is a wealth of information available online and through social media about what UF and Gainesville offer. We hope that this guide will serve as a starting point on some of the most important services that UF offers. Go Gators!

HOUSING

Gainesville offers many more housing facilities than there are people, meaning there are plenty of options to choose from. New students should consider location, budget, preferences, habits, safety, and transportation when choosing living accommodations.

Off-Campus Housing

- University of Florida Off-Campus Life
  http://www.offcampus.ufl.edu
  This website was developed by UF’s Off Campus Life and it offers students a Housing Locator to search for housing and find roommates. There is also an off-campus life staff that is available to answer your questions.

UF On-Campus Student Family Housing

http://www.housing.ufl.edu

On-Campus housing is available to single or married graduate students (with or without children). On-campus housing is in high demand, and there is usually a waiting list. If interested, it is recommended that you sign up for on-campus housing as soon as possible. To contact the UF Housing Office, check their website (above) or call (352) 392-2161.

Housing Tips:

- You are not obligated to rent an apartment if you look at it.
- Get everything in writing before you sign the lease, read the lease carefully before you sign and keep a copy of the lease and any other documents about your apartment.
- Security deposits and first and last month's rent: is supposed to guarantee that the tenant will care for the dwelling. If the tenant does not care for the property or clean it before leaving, the landlord has a legal right to keep the security deposit. Otherwise, the landlord must return the security deposit within a month after the tenant leaves. You should have the agreement about the security deposit.
deposit in writing included in the lease. You should also complete a move-in checklist and give this to your landlord. On this list, you should indicate any existing damages to the apartment in full detail.

- Student Legal Services (http://www.sg.ufl.edu/Services/StudentLegalServices) offers free legal advice service and confidential counseling to UF students, and can assist if you have issues such as repairs, security deposits, eviction, and termination of leases.

**TRANSPORT AND COMMUTING**
http://www.parking.ufl.edu/

- Parking a Car
http://parking.ufl.edu/parking-at-uf/
All vehicles parked on campus weekdays, 7:30 am - 4:30 pm (unless signage indicates otherwise) must display a valid UF parking decal (unless parked in a metered space). A decal is not required to park in most restricted areas after 4:30 pm, but be sure to check signage and never park in a service drive, reserved space or disabled person parking space without the proper decal or permit.

Student decal eligibility is based on whether the student lives on or off campus and the number of credit hours earned. As a graduate student and if you live off-campus, you are eligible for a Green commuter decal. It allows the holder to park in the Commuter parking areas and All Decal parking areas.

Check a map of parking lots on campus at http://parking.ufl.edu/parking-at-uf/parking-map. During the decal renewal season, eligible students must order parking decals online. Decals will not be available for purchase at the customer relations office.

PLEASE NOTE:
*Speed limit on campus is 20 mph. Parking and speeding is strictly enforced and you will be ticketed if speeding or parked illegally.*

- **Bicycling**
It is easy to park a bike on campus. Have a good lock to secure it (“U-lock” is probably the best option). You should register your bike with the University Police Department. Registration is free of charge, and can be done by the University Police Department’s Community Services Division (392-1409) between 8:30am and 4:30pm, Monday through Friday. Many major roads have bike lanes, but a helmet is a very good idea. The on-campus speed limit is 20 miles per hour, and this does apply to bikes; people have been ticketed for speeding on their bikes. Tickets are also given for bicycling the wrong way on one-way streets, and for failure to use hand signals or come to complete stops at stop signs. For more information visit http://bikes.ufl.edu.

- **Motorcycles and Scooters** (mopeds)
Motor scooters and motorcycles also provide a good option, since they have their own parking areas on campus. Check http://parking.ufl.edu/parking-at-uf/campus-parking-restrictions/ and for safety regulations http://www.ehs.ufl.edu/programs/hazard_ergo/motorcycle/
The Student Nighttime Auxiliary Patrol (SNAP)
http://www.police.ufl.edu/community-services/student-nighttime-auxiliary-patrol-snap
Implemented in 1976 to provide safe, nighttime transportation on the University of Florida campus. The “buddy system” has long been recognized as a means of enhancing personal safety and security. SNAP provides an on-call “buddy” ready to escort university students, staff and visitors.

Regional Transit System (RTS)
http://www.go-rts.com
This is Gainesville’s bus system, and it’s a solution to the traffic congestion problems around town. It is free to students with a valid GatorOne card (UF picture ID). Check their website for hours of operation, city routes and Campus routes. There is a bus stop at practically every apartment complex in town, downtown, the Oak’s Mall, and the community college. If you drive to UF’s campus with a commuter sticker, the bus brings students from the commuter lots to the center of campus. Also, if you would like to take the bus to campus and then bike elsewhere, RTS allows you to bring your bike; each bus is equipped with bike racks to accommodate passengers with bikes. To track your bus online with the RTS Gator Locator, click here.

ZipCar
http://www.zipcar.com/universities/university-of-florida
Zipcars are available by the hour or by the day, and gas, insurance and 180 free miles are included with every reservation. Zipcars are available to students, faculty and staff – as long as you are 18 years of age or older.

COMPUTERS
http://www.it.ufl.edu/policies/student-computing-requirements

The UF Computing Help Desk provides phone, email and walk-in computer consulting services to faculty, staff and students and communications with campus IT support as needed to resolve an individual’s computing issues.

LIBRARIES
http://web.uflib.ufl.edu

Your Gator 1 Card serves also as your library card for borrowing, and is also required for using the computerized catalog or data bases in any of the libraries on campus.

The most important document that students need to bring is their Social Security Card or ITIN. Bank account and routing numbers are also needed for people who want to receive their rebate electronically. Documentation of income, interest, adjustments (especially for students, tuition and school-related expenses), deductions (if you want to make an itemized deduction) and taxes already paid (if any) are necessary. Last year’s tax return is helpful. Students should also be aware that there is an intake form to fill out before they begin their return.
